

About the Appraiser

M. Alex Tyndall

After graduation from **Auburn University** in 1966 with a Bachelor of Science Degree in **Building Construction**, Alex spent the next thirty years in the construction industry. During this time, he was instrumental in the development and management of several successful commercial building construction companies. These companies were heavily involved in health care industry, commercial, and industrial construction throughout the southeast and the majority of the United States.

As a second career, in 1998, Alex pursued the areas of **Real Property Appraisal and Home Inspection** businesses. He is licensed in the States of **Georgia** and **Alabama** as a Certified General Property Appraiser with **over 12 years of real property appraisal work** and actively engaged in **appraisals of Commercial, Investment, and Residential Real Properties as well as the management of a Commercial Property and Residential Home Inspection Service**. He is an FHA Fee Appraiser and a **HUD Fee Inspector** and until 2006, was a licensed residential builder in the City of Columbus, Georgia.
